To create a recurrence rule, you must specify both a pattern and a range. Any pattern type can work with any range type. Here are a few examples. Examples. Meet from 1:00 PM to 1:30 PM every Monday starting September 4, 2017, until the end of the year. The "every Monday" requirement is easily met by the weekly recurrence pattern type.

Schedule repeating appointments as recurring events in ...

State Game Programming Patterns Design Patterns Revisited. Confession time: I went a little overboard and packed way too much into this chapter. It's ostensibly about the State design pattern, but I can't talk about that and games without going into the more fundamental concept of finite state machines (or "FSMs"). But then once I went there, I figured I might as well introduce ...
