The definition of early
childhood education

Early childhood
education (ECE) is the
education of children
from birth through age
8, according to the
National Association for
the Education of Young
Children. It is during
this phase of life that
the foundations for
cognitive, physical and
emotional
development are built.

Throughout early childhood, even when the child enters preschool or attends daycare, the family remains the most important context for development. When a nurturing, responsive relationship does not exist, elevated levels of stress hormones can impede a child's healthy brain development (Debellis & Zisk, 2014; Thompson, 2014).
