Online Virtual Happy Hour Events | Eventbrite

We found that social networks have clusters of happy and unhappy people within them that reach out to three degrees of separation. A person's happiness is related to the happiness of their friends, their friends' friends, and their friends' friends' friends—that is, to people well beyond their social horizon.

SOCIAL NETWORKS AND HAPPINESS | Edge.org

Networking can be fun when you go in with the right attitude. My goal is to get others to talk more than I do. To do this, I recommend you ask open ended questions so the other person talks a lot.
