With Midrex, the approach is flexible enough to provide a staged transition to the Hydrogen Economy. Read More . News + Resources. September 10, 2020. Press Release Midrex and AMI to offer DRI-based steelmakers complete process optimization solutions Read More . September 8, 2020.

### **Home - Midrex Technologies, Inc.**

Midrex process is simple to operate and involves three major unit operations namely (i) iron ore reduction, (ii) gas preheating, and (iii) natural gas reforming. The heart of the Midrex process is its shaft furnace. It is a cylindrical, refractory-lined vessel and is a key component of the direct reduction process.

### **Midrex Process for Direct Reduction of Iron Ore - IspatGuru**

Midrex Global Solutions is uniquely capable of providing combinations of custom designed equipment and specialized, in-depth services to drive the following: Productivity & availability improvements Optimization of both productivity (tons per hour produced) and availability (hours of plant operation per year) is essential for plant profitability.

### **Global Solutions - Midrex Technologies, Inc.**

Midrex is a gas-based shaft furnace process that converts iron oxides – in the form of pellets or lump ore – into direct reduced iron (DRI). The Midrex technology is highly adaptive to our customers' needs, which is reflected in a broad variety of configurations. The performance of Midrex plants typically exceeds nominal capacity ratings.

### **MIDREX® — THE LEADING DRI PRODUCTION PROCESS**

Midrex has a dedicated Technical Services Group, which regularly visits plants and hosts an annual plant operations seminar. Representatives of each Process Licensee, along with Construction Licensees and key equipment suppliers meet to exchange ideas and experiences and make or renew acquaintances.

### **Implementation - Midrex Technologies, Inc.**

Midrex Technologies, Inc is referred to as “the Sub-group” and Kobe Steel, Ltd is referred to as the “Multi-National Enterprise” (MNE) This statement is not designed to be an operational manual with detailed instructions of the underlying processes and controls.
