### The Anthropology Of Sex

The Anthropology of Sex draws on the comparative field research of anthropologists to examine the relationship between sex as identity, practice and experience. Sexual cultures vary enormously and, while often the topic of tabloid titillation, they are more rarely subjected to strict cultural analysis.

Alexander, Priscilla. "Prostitution: a Difficult Issue for Feminists," in Delacoste and Alexander, (Eds.) Sex Work: Writings by Women in the Sex Industry. Cleis Press, 1987. (good source for earlier writings on prostitution, now called "sex work"). Nestle, Joan.

### Anthropology 344: The Anthropology of Sex & Gender

Anthropology studies the topic of Gender. But, what is Gender? Isn't that just if you are a male, or a female? Well, yes and no. First, there is a difference between the terms "sex" and "gender." Sex is biological, and has to do with genetics. Sex is the shape and functioning of our bodies. Sex refers

### Anthropological Concepts: Sex & Gender | by Anthropology ...

This article provides an overview of the historical development of theory in the Anthropology of Sexuality. Taking a Foucaultian perspective, the discourse on sexuality that emerged in the Victorian era will be critiqued as a constructed tool to ensure social and moral conformity.

### "The Anthropology of Sexuality: Discourse and Sex Work" by ...

The distinction between sex and gender differentiates sex (the anatomy of an individual's reproductive system, and secondary sex characteristics) from gender, which can refer to either social roles based on the sex of the person (gender role) or personal identification of one's own gender based on an internal awareness (gender identity).

### Sex and Gender Distinction | Cultural Anthropology

The Anthropology of Sex is the first work to critically synthesise over a century of comparative expertise, knowledge and understanding of diverse sexual forms. - Explores sexuality from diversity to perversity and asks how diverse sexual practices are linked.

### The Anthropology of Sex : Hastings Donnan : 9781845201128

Moreover, defining people, rather than sexual acts, as homosexual, heterosexual, or bisexual relies on a particular psychological model of selfhood in which some enduring, core essence of a person's inner being is determined by whether their desired sexual partners are of the same or opposite sex. Queer anthropology often studies sexual expressions that differ from prevailing Euro-American notions of homosexuality, biological sex, or are subject to different social judgements.

Accessible and highly engaging, The Anthropology of Sex is the first work to analyse over a century of comparative expertise, knowledge and understanding of diverse sexual forms. Rating: (not yet rated) 0 with reviews - Be the first.

### The anthropology of sex (Book, 2010) [WorldCat.org]

Introduction. Gender is a key concept in the discipline of anthropology. Sex and gender are defined differently in anthropology, the former as grounded in perceived biological differences and the latter as the cultural constructions observed, performed, and understood in any given society, often based on those perceived biological differences.

### Gender - Anthropology - Oxford Bibliographies

For centuries, classical scholars have intensely debated the "position of women" in classical Athens. Did women have a vast but informal power, or were they little better than slaves? Using methods developed from feminist anthropology, Winkler steps back from this narrowly framed question and puts it in the larger context of how sex and gender in ancient Greece were culturally constructed.
