military munitions and hardware, but are generally constructed from components that are nonmilitary in nature. IEDs are employed by threat groups across the globe to achieve their aims. This is, in part, due to IEDs' potential to produce strategic effects beyond their tactical impact.

Munitions Handbook 1969 is an official Army TM that is widely available on the internet, mostly as a free download.

Whoever saw the need for such a TM clearly threw caution to the wind, or, more impolitely, was a stupid idiot. It is way far to late to do anything about it, unfortunately.
